

**CANDIDATE FOR MAYOR  
CITY OF RANCHO CUCAMONGA**

**NAME: DON KURTH**

**AGE: 57**

**OCCUPATION: Physician/Former Councilmember**

**VALUES**

We expect accountability from our elected officials. I do not support higher taxes, special treatment for family and friends, or city favors for special interest groups.

**BACKGROUND**

I am a local physician, twenty-two year resident, educator, and small business owner. I've served on the City Council and formerly as President of the Cucamonga Water Board. I earned graduate and undergraduate degrees from Columbia University.

**GOALS**

- **Managed growth - No New Taxes**  
As your Mayor, I will work to limit multi-family dwellings, catch up on badly needed city improvements, create more parks, and demand better-planned growth.
  - **Traffic congestion**  
I'll make developers pay for streets and parks and schedule street construction during off-hours to reduce congestion.
  - **School crowding and safety**  
Our schools aren't getting their fair share of state funding. I'll work to relieve school overcrowding and reduce class sizes.
  - **Public safety**  
We need more deputies on patrol to crack down on gangs; reduced response times and zero tolerance for graffiti. With your support, I will bring accountability to the Mayor's Office, ensure your family's safety and protect your quality of life.
- Vote Don **KURTH** for Mayor – It's Time for a Change.
